Known as the birthplace of these unique safaris by foot, the park has perfected the activity. Surround yourself in a completely natural setting - lead by the sights, sounds and smells of the wilderness. Follow the spoor of the free-roaming wildlife as your guide assists you in identifying the animal behind the tracks. Wildlife species roaming in the park include baboons, elephants, crocodiles, buffalo and sometimes lions can be spotted lazing around. A late afternoon walking safari is sure to create a magnificent start to your Zambia safari. This activity can be complemented by other activities like day and night game drives, mountain bike safaris and cultural visits, or optional activities such as private and specialized game drives and microlight flights.

EXCELLENT AND EFFICIENT SERVICE

Falcon safaris have given me the correct advice with excellent service. The only suggestion will be to work closer with the lodges to confirm bookings as soon as possible. We have booked and pay our deposit a year in advance. We have only receive our final confirmation from Chobe Safari lodge a week before departure. I do realize its not within your control but with limited alternatives and a group of 22 people it becomes an issue to find alternative accommodation if the booking was cancelled

WONDERFUL AFTERNOON WITH BEAUTIFUL CREATURES

I thoroughly enjoyed my afternoon with the elephants. I rode an 8 year old female, her name is not in my head, and it was magical. She loved her treats at the end of the ride and her trainer was a lovely man. We talked the whole hour and he taught me so much about these magical creatures.

Thank You for supporting this wonderful organization with your tour company.
