# ROUTE & ITINERARY

## DAY 1: JOHANNESBURG - VICTORIA FALLS

Board a flight to Zimbabwe at O.R. Tambo International Airport in Johannesburg. On arrival at the Victoria Falls International Airport, you will be transferred to Victoria Falls Safari Club where you will be accommodated in a club suite. Spend the afternoon at leisure, exploring the facilities at your lodge or walk through the bustling town and visit the craft markets and shops. This is a great opportunity to purchase some of Zimbabwe's popular arts and crafts, such as wooden carvings and stone sculptures. For travelers who would like a close view of the Victoria Falls, the 'Flight of Angels' is the perfect activity. When David Livingstone first documented his discovery of the Victoria Falls he described it as: "A sight so wonderful that angels must have gazed down on it in flight" and this is why the helicopter ride over the Victoria Falls is called 'Flight of Angels'. This once-in-a-lifetime experience will leave you breathless and give you close up views of the Falls. This evening is an optional tour to 'African Spectacular' tribal show. Enjoy Zimbabwean cuisine with African drumming and traditional storytelling. Shangaan dancers and Ndebele performers will entertain you with energetic dances and songs. Alternatively, spend a quiet evening at the lodge - watching wildlife gathering at the waterhole at sunset followed by dinner under a canopy of stars. ## **DAY 2: VICTORIA FALLS**

After breakfast, depart on a guided walking tour of the Victoria Falls - explore the sights, sounds and splashes of the breathtaking waterfall. The most extensive and spectacular views of the Falls is from the Zimbabwean side - 70% of the vistas can be seen from the viewpoints in the rainforest.

This walking safari starts with Livingstone's statue - Dr David Livingstone is reputed to be the first European to see the Victoria Falls in November 1855. The rainforest is fed by the spray of the Victoria Falls and with Ilala Palms makes a lush African landscape. Wildlife including baboons, waterbuck and warthog are seen as well as beautiful butterflies fluttering through the grass and rainbows. Many birds such as the Livingstone lorie, hornbill, paradise flycatcher, warblers, barbets and shrikes are seen on the walk. Your adventure continues as you make your way through the Zambezi gorges on the back of an elephant. From this elevated position, you will be able to see far and wide. Learn more about these incredible creatures from your trained guide and experienced elephant handler. See an abundance of wildlife from the eyes of an elephant and the Zambezi National Park trails will grant you sights of an active bird life.

Your elephant encounter draws to a close in a remote spot in the bush, where you can raise a toast to these gentle creatures and indulge in some snacks. Return to the camp for a mouthwatering dinner, much deserved after an active day outdoors. Relax around a blazing campfire as you sip on a nightcap under a canopy of stars.
