Together with this ecologically friendly method of game viewing, a strong emphasis is placed on an elephant experience rather than just an elephant ride, and guests are encouraged to interact with these majestic and intelligent African mammals. Guests meet, ride, touch, and learn about the elephants and their willingness to act under instruction. The training techniques used by Zambezi Elephant Trails are based on the 'perform and reward' method as opposed to the controversial 'discipline and submission' technique commonly associated with Asian Elephants. The Mosi-oa-Tunya National Park is resident of many species of game, including wild elephants, with which the domestic elephants freely interact with. A highlight to all visiting the Livingstone area is Thorntree River Lodge... 'Home of the Elephants'.

**Great experience**

myself and my 22yr old daughter used Falcon  
Safaris for all our outings as well as airport  
transfers. Canoeing, Devils Pool visit and  
Elephant back ride. They were all fantastic  
especially Vimbai and Edna. We had an  
amazing time and nothing was too much  
trouble to sort out for us.
