

1-DAY

GAME DRIVE

THE START OF A LEGACY

Falcon Safaris is run by people who know the African continent intimately, who have lived there, and who know the people and Places. It is run by people who were born and raised in Africa and who continue to return year after year – not only to refresh their knowledge but predominantly because of the love and passion that they have for its areas.

Falcon Safaris is owned and managed by
Hamilton and Chenai Mandi.

ROUTE & ITINERARY

GAME DRIVE

The owner of the company, Charles Brightman, is a professionally licensed guide. He takes most of the trips himself.

Charles has been in the safari industry for over 20 years and has extensive knowledge of the area and its flora and fauna.

He is a personal friend of mine from way back in school, and if you really want to experience what the wild life of this area has to offer, I would thoroughly recommend him.

He currently works in close association with Victoria Falls Safari Lodge, conducting all their game activities.

Charles is also Operations Coordinator of the Victoria Falls Anti Poaching Unit, working in close co-operation with National Parks and Wildlife Management Authority of Zimbabwe.

Photographic Safari Options:

Half Day Walking Safari

Venturing further into the Zambezi National Park, this walk is combined with a game drive to a suitable walking area of the park. Whilst following in the footsteps of elephants, guests are able to learn about a variety of aspects of the wildlife in the area, as the Professional Guide shares his/her knowledge and experiences with them.

Departure times: 06:15hrs and 14:30hrs

Morning or Afternoon Game Drive

Visiting the 57 000 ha Zambezi National Park, these drives set off either in the early morning or mid-afternoon. Using an open four-wheel drive vehicle, the game drive allows the guests to discover many interpretations of the bush, related to them by our suitable trained and qualified guides.

Bird-watching Safaris

Catering for the keen bird-watcher, our safaris offer tailor-made trips depending on which species are needed to be found.

Either by open safari vehicle, by foot or by boat we search for an array of species through a variety of habitats such as Teak and Mopane woodlands, grassland and riverine forest.

Depending on seasonal conditions, species that can be seen include African Skimmer, Collared Palm-thrush, Rock Pratincole, Raquet-tailed Roller, Western-banded Snake Eagle, Kori Bustard, African Finfoot and others.

Great experience

myself and my 22yr old daughter used Falcon
Safaris for all our outings as well as airport
transfers. Canoeing, Devils Pool visit and
Elephant back ride. They were all fantastic
especially Vimbai and Edna. We had an
amazing time and nothing was too much
trouble to sort out for us.
