SAFARI

THE START OF A LEGACY

Falcon Safaris is run by people who know the African continent intimately, who have lived there, and who know the people and Places. It is run by people who were born and raised in Africa and who continue to return year after year – not only to refresh their knowledge but predominantly because of the love and passion that they have for its areas.

Falcon Safaris is owned and managed by
Hamilton and Chenai Mandi.

Photographic Safari

Victoria Falls Photographic Safari

Cruise the Mighty Zambezi River, with a focus on photography with this Victoria Falls photographic safari

Birding jet boat safari on the Zambezi River - Victoria Falls, Zimbabwe

You don't have to be a professional photographer to capture breathtaking images of the Victoria Falls landscape or wildlife. Take a Victoria Falls photographic safari with your very own professional photographer coaching you every step of the way. Both beginners and professionals on this photography workshop will get the experience of stunning scenic beauty and amazing wildlife that is the Zambezi River and national park.

Victoria Falls has quite a few local professional wildlife photographers, some of who are also wildlife and safari guides. Some of them will be your photography coach on this eye-opening river safari. You can view their work by clicking on the links - [Daniel Peel](#), [Tami Walker](#), [Lesanne Dunlop](#).

This Victoria Falls activity is offered on a small jetboat (the same one you would ride while on a Sunset Jet Boat Safari) on the Zambezi River. The boat has a maximum capacity of 16 people, ideal for small groups with a feeling of having your own private cruise. Return transfers from your hotel to the jetty are included. There is also a toilet on board.
